

# ¿POR QUÉ EL VIII CONGRESO DE CPI EN SALUD?

VIII Congreso de CPI en Salud  
15 y 16 de octubre de 2025

Paraninfo de la Universidad de Zaragoza

Con la colaboración de:

## *Modelo de AQuAS para la adopción de CPP a CPI*

*“Hinc Sunt Dracones. Aquí hay dragones”  
¿Cómo salvar esa expresión y avanzar los proyectos de  
Compra Pública Precomercial para convertirlos en  
proyectos de Compra Pública de Tecnología Innovadora?*

*October 15<sup>th</sup> 2025*

Rossana Alessandrello

# Innovation & Strategic Futures Area

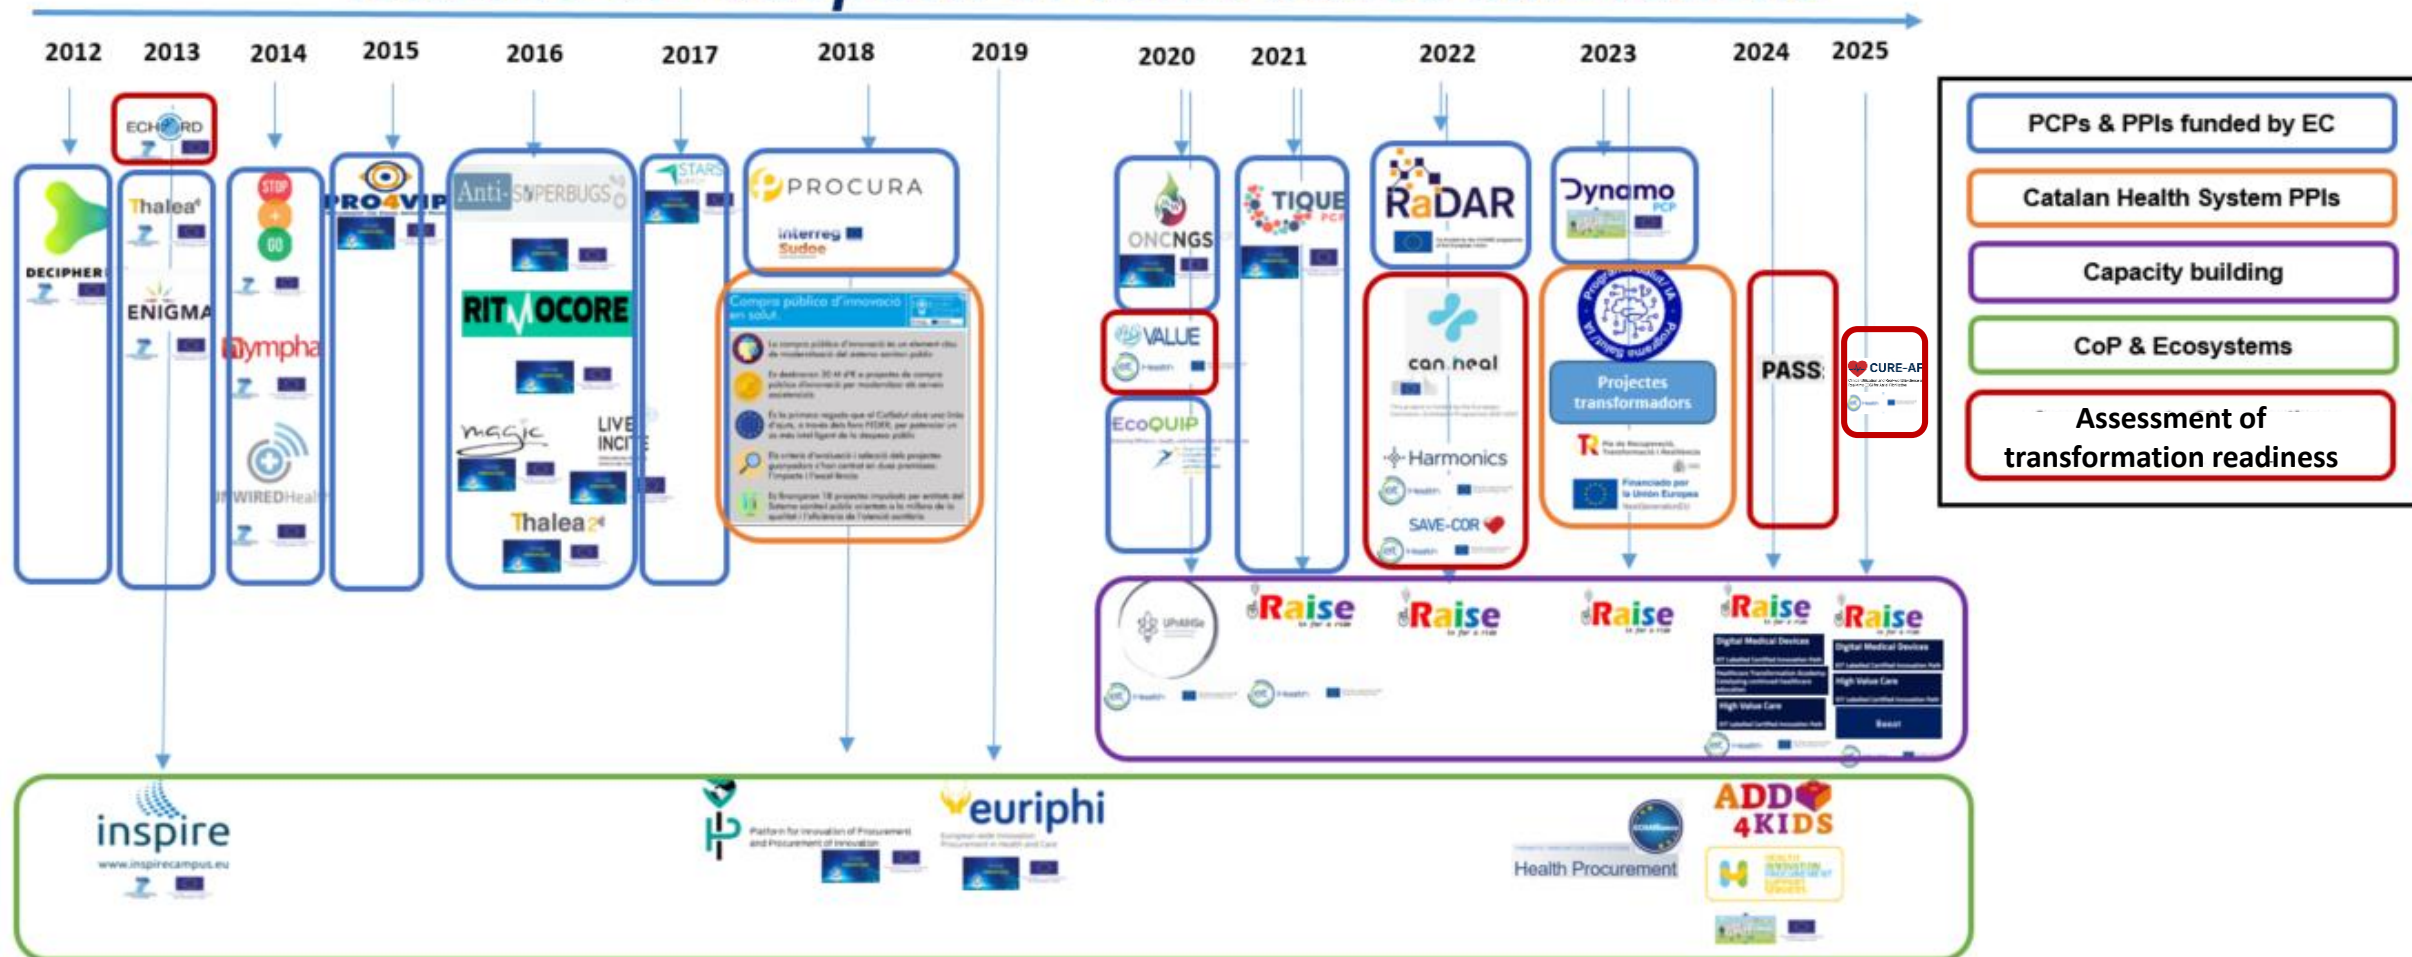

AQuAS - Agency for Health Quality and Assessment of Catalonia

**AQUAS' mission is to provide knowledge, directly applicable, to support decision-making based on the best evidence in the health system of Catalonia**, positioning evaluation as the "haystack" of policy design and development, plans and programs in health, and which at the same time facilitates the generation and early adoption of relevant innovations and the strengthening of research oriented to the challenges of a future health system.

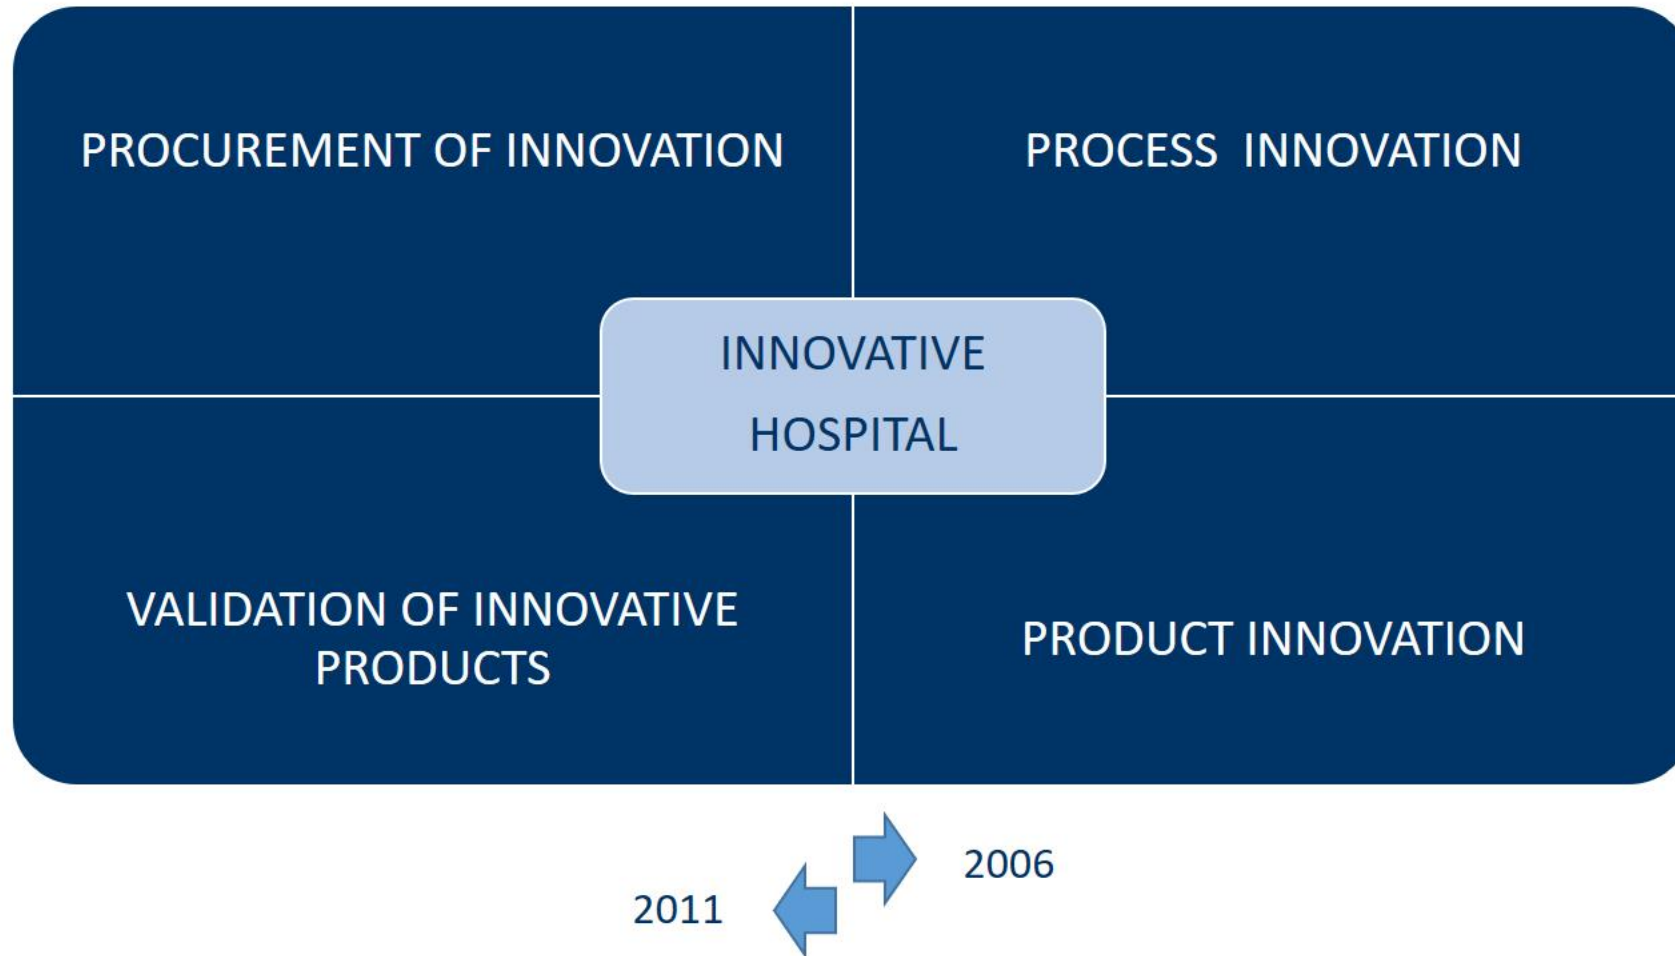

From the strength of its **30 years of experience**, AQUAS acts as an independent agent at the service of the actors of the System, which guarantees scientific rigor and excellence (using advanced methodologies and analytical frameworks) to provide useful information and tools in the actual operation.

# AQuAS and the Catalan healthcare system journey towards the adoption of value based innovations

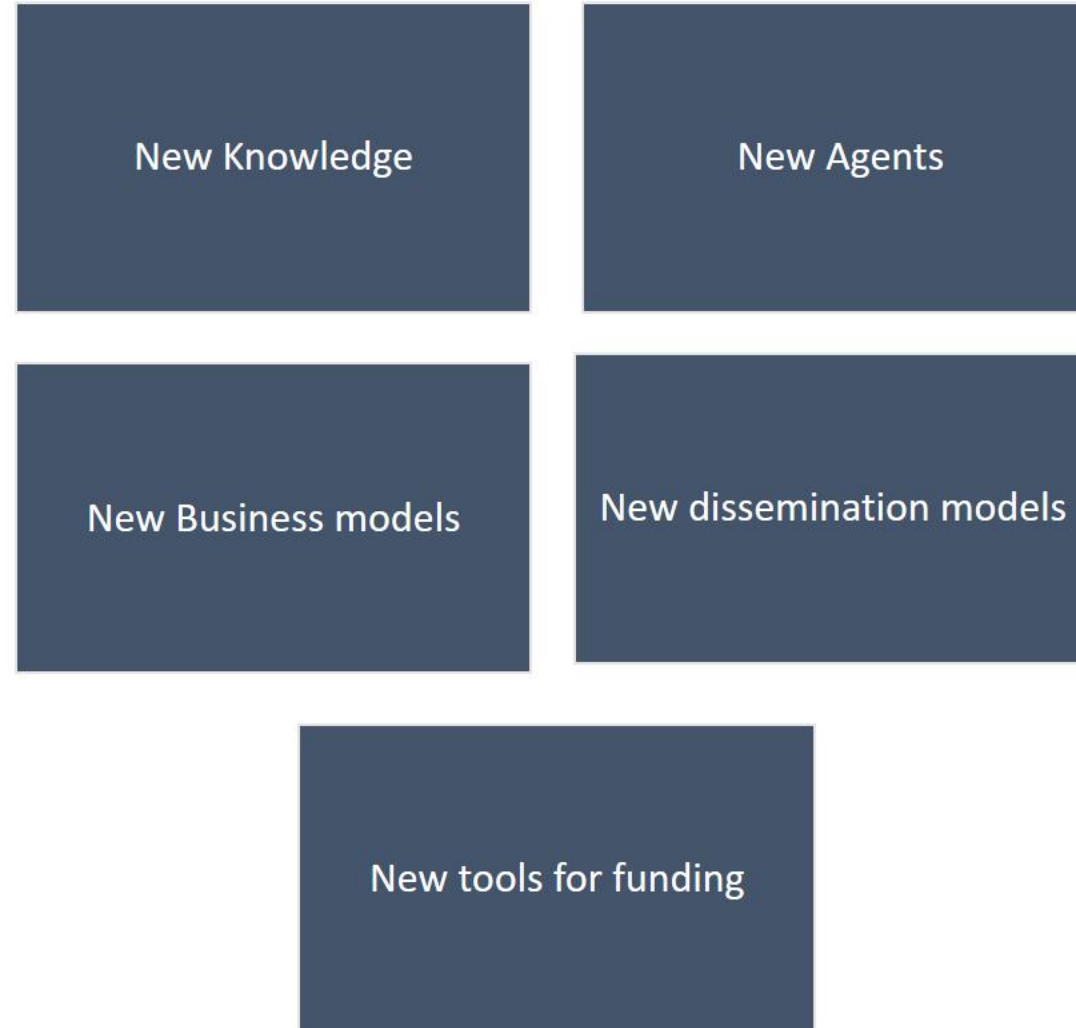

## *From Innovative Hospital – Systematization...*

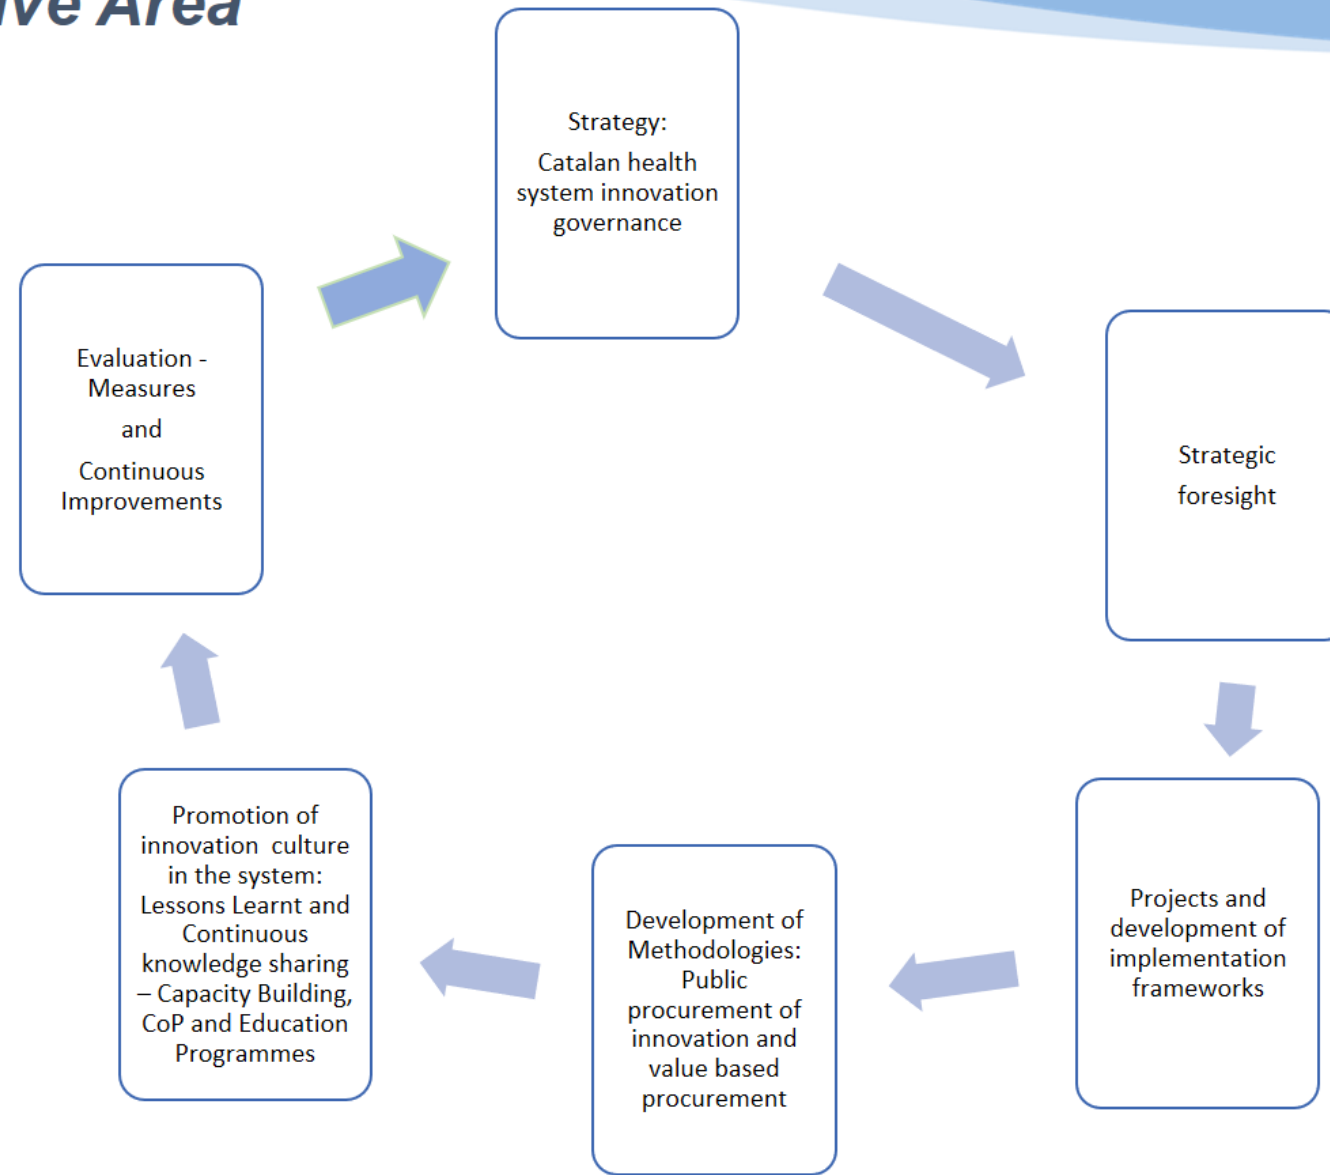

## *...to expanding Healthcare innovation ecosystem*

# *Innovation & Prospective Area*

## *virtuous circle*

# Methodological approach: contracts permeable to value

The Value Based Procurement Subcommittee of the Catalan Health System Innovation & Transformation Departmental Commission considers the proposed “value permeability” framework a valid methodology to design demand-driven innovation procurements.

Alessandrello R., Valls-Comamala V, Arrizabalaga I., Meis-Pinheiro U., Elizondo-Cordero O., Maspons R., Anna Garcia-Altés. Permeability to value: a methodological framework for designing demand-driven value-based innovation procurements and its application. Under peer-review
